

# When Should I Stay Home?

I HAVE A FEVER	I AM VOMITING	I HAVE DIARRHEA	I HAVE A RASH	I HAVE HEAD LICE	I HAVE AN EYE INFECTION	I HAVE BEEN IN THE HOSPITAL
						
Temperature of 100 degrees F or higher	Within the past 24 hours	Within the past 24 hours	Body rash with oozing, drainage or fever	Check with the school for policy	Redness, itching, and/or pus draining from eye	Hospital stay and/or emergency room visit

## I am ready to go back to school when I am . . .

Fever free without the assistance of medication for 24 hours (i.e. Tylenol, Motrin, Advil)	Free from vomiting for 24 hours	Free from diarrhea for 24 hours	Free from rash or fever and have been evaluated by my doctor if needed	Treated with appropriate lice treatment at home	Free from drainage and/or have been evaluated by my doctor if needed	Released by my medical provider to return to school
 It's ok to have a runny nose and/or small cough						

If your child has strep throat or another bacterial infection, he/she should stay home until the antibiotic has been given for at least 24 hours and your health care provider has given permission for your child to return to school. We encourage you to seek medical attention when your child is sick and to follow your health care provider's recommendations about returning to school and other activities.
